

TAKEDA EXHAUST

304 STAINLESS STEEL AXLE-BACK

2006-2011 HONDA CIVIC Si (All) L4-2.0L

**6HP &
5lbs. x ft.
torque**

FEATURES & BENEFITS

High-Flow Muffler

This system uses a straight through high-flow, polished 304 stainless steel muffler, allowing improved performance across the powerband while maintaining a great tone.

4" Slash Cut Double Wall Tip

A double wall, polished, 304 stainless steel, Takeda laser-etched tip fits your OE bumper cutout perfectly.

Hassle-Free Installation

This system retains factory mounting locations and requires no modification for a simple, hassle-free installation.
