

TAKEDA EXHAUST

304 STAINLESS STEEL AXLE-BACK

2008-2014 SCION xB L4-2.4L

FEATURES & BENEFITS

Hassle-Free Installation

OE-style hangers and an included direct bolt-on, center-mounted exhaust bracket allows for a simple, hassle-free installation. No modifications required.

Dual 3.5" Takeda Laser-Etched Tips

Dual, center-mounted 304 stainless steel Takeda laser-etched, slash-cut, rolled edge tips give an aggressive and unique look.

Center-Mounted Exhaust Tip

To give the xB a unique and custom look, aFe designed a center-mounted rear exit exhaust system. This system replaces the plain factory passenger side exhaust exit and requires no modification.
