

DIFFERENTIAL COVER

1997-2014 JEEP DANA 44

ALSO FITS: 97-06 RUBICON FRONT AND BACK DIFFERENTIALS WITH DANA 44 AXLE

FEATURES & BENEFITS

Trail Ready

Weighing in at a hefty 14 lbs, this cover is trail ready and is constructed from heavy duty, nodular iron for increased strength and durability, and features recessed hardware, a smooth design which reduces rock hang up, and improves approach/departure angles, protecting against impact damage.

Magnetic Drain & Fill Plug

This system incorporates dual neodymium magnetic plugs that captures loose particles for maximum differential protection and can be tightened using a 1/2" square socket drive.

Hassle-Free Installation

High quality hardware is included to provide a simple hassle-free installation. An O-ring style gasket is used to ensure a quality seal over the life of the vehicle. No modifications necessary.
